Car Interior Leather

Catalog

Over 30 years in synthetic leather production.

Diverse Applications: Products for cars, sofas, bags, shoes, decoration, and flooring.

Promoting artificial leather as a sustainable alternative to real leather.

2025

COMPANY PROFILE

With over 30 years of dedicated expertise in producing functional synthetic leather, our company has been actively engaged in export operations for the past 18 years. Additionally,we manufacture synthetic leather for cars, sofas, bags, shoes, decoration and flooring, etc. We devocate the concept of environmental protection. Our aim is to let artificial leather instead of real leather.
